DETAILED ACTION

The 101 claims presented, 21-122, are rejected under multiplicity. An unreasonable number of claims; that is, unreasonable in view of the nature and scope of Applicant's invention and the state of the art, may afford a basis for a rejection on the grounds of multiplicity. A rejection on this ground should include all the claims in the case inasmuch as it relates to confusion on the issue. See M.P.E.P. 2173.05(n). The number of claims believed sufficient to properly define Applicant's invention in view of the claims filed is 26; i.e. claims 21-46.
